Rice, Lamb Meat Meal, Fresh Lamb (4%), Barley, Maize, Poultry Fat, Peas, Lucerne, Beet Pulp, Organic Herbs, Minerals, Vitamins

Please note:

These suggestions are intended as a guide only; nutritional requirements can vary considerably with breed and age of dog.

Always have fresh water available. You can add warm water, milk or gravy to the food about 15 –20 minutes before feeding if your dog prefers a moister consistency.

With any new food, it may take your dog a while to grow accustomed. You may find it helpful to gradually mix increasing proportions of Pero with your dog's accustomed feed.
